Gameplay Call Bridge is one of the most famous games in Bangladesh. It is addictive and enticing. The game seems to be related to the North American variant called Spades. It is a virtual simulation of the card game. The game requires four players. They are seated around the table, and the dealer deals counter-clockwise. You can play this game offline. So if you have no data, you need not worry. Deck The game uses a deck of fifty-two cards. The suit order is from Ace, King, Queen, Jack, 10, 9, 8, 7, 6, 5, 4, 3, and 2. Two is the lowest card. Spade is always the trump in the game. Therefore any card belonging to the suit of Spades is the highest. These cards beat all the other cards. The players can play their cards turn by turn in an anticlockwise manner. Call And Trick Each player in the game gets 13 cards. When their turn comes, they call a number from the suit. The other players have to show a card accordingly. This number denotes a call or a trick the player takes. If one of them presents a Spade for that trick, they get the score. But if someone else also has a higher Spade, they gain the point. Hence you have to play strategically to win multiple calls to win the game. Deal, Trump, And Bid! At the end of the game, the player with the highest total wins. The match does not end till all the cards get called. To successfully win the game, you must know how to use the trump and what cards to bid on first. You have to score more tricks than the call. Keep on playing the game to become a Call Bridge Pro!
